About

I believe the best design makes people wonder, **"How did no one think of this before?"** As a **visual designer** working across **graphic**, **UX/UI**, and **web design**, I combine **creativity** with the **analytical thinking** and **problem-solving** skills I developed over seven years in banking. Driven by **curiosity and empathy**, I turn ideas and complex challenges into **clear**, **engaging**, and **meaningful visual experiences.**
